

## Posttour – ATB 2023

### The Future of Hiking – responsible long distance hiking trails in Carinthia

Inspired by the success of the cross-border Alpe-Adria-Trail, Carinthia has developed into a hot spot for sustainable hiking tourism. Beside the Alpe-Adria-Trail several other long distance hiking trails are convincing with fascinating stories, excellent services by a capable booking centre and forward-looking initiatives focusing on sustainability and climate change.
