

SalzburgerLand / Salzkammergut

ATB Post Tour 2023

4th – 7th of May 2023

The unique symbiosis of nature, culture & cuisine experience in the SalzbugerLand

Immerse yourself in a magnificent natural landscape while exploring the unique culinary and scenic highlights of the Salzkammergut in all its many facets.

You will get to know the culinary roots of Alpine cuisine not only with exceptional hosts of the Via Culinaria, who will enchant you with refined dishes, but also within the framework of a cooking workshop, in the cooking school of "Roland Essl Alpenkulinarik".

The legendary Salzkammergut is in the middle of mountains and lakes, where already in the last century the nobility and important artists spent their summer holidays. A special experience with nostalgic moments is the ascent with the historical rack railroad to the 1.783 m high Schafberg. High above Lake Wolfgang, you can enjoy a magnificent view from the summit of the striking Schafberg to numerous mountain ranges and mountain peaks as well as to eleven turquoise blue lakes.

Look forward to unique days in SalzburgerLand!
